Plasterers Awards 2008

FPDC's keynote annual event, the Plaisterers Awards, recognises the best work from within the plastering and drylining sectors of the construction industry.

The ceremony to showcase and reward work undertaken during 2008 formed part of a prestigious luncheon at Plaisterers Hall on 3rd February 2009.

Around 300 industry leaders, including contractors, architects, manufacturers and distributors fought their way through atrocious weather to ensure an excellent turnout amidst the splendour of Plaisterers Hall in the City of London.

As ever, the awards ceremony was preceded by the Federation's Annual General Meeting (AGM), which saw the following officers elected to serve for the coming year;

Mat McAdams	President
Nick Atkinson	Vice-President
